Product Terms & Conditions

These Product Terms and Conditions should be read in conjunction with the Society's General Conditions. Where there is a conflict between the Product Terms and Conditions and the General Conditions these Product Terms and Conditions shall take precedence. Together, they explain how your savings account works. You should ensure that you read all terms and conditions before you decide to open the account and keep a copy for your records. These Product Terms and Conditions are effective from the date of account opening.

This is a non-payment account with a fixed rate for a fixed term.

The fixed interest rate is related to long term market rates at the time of issue. Future fixed rate products may be offered at higher or lower rates depending upon the changes in market conditions.

This account may be withdrawn from sale at any time and without notice.

Information including rates is correct as at 15 August 2019.

Summary Box	
Account name	4 Year Income Bond (Issue 47)
What is the interest rate?	<p><u>Monthly Interest</u> 1.50% Gross* p.a./1.51% AER# fixed until 1 October 2023.</p> <ul style="list-style-type: none"> • If the balance falls below £100, the rate of interest that shall apply is 0.05% Gross* p.a./AER# variable. • Interest is calculated daily and is paid monthly on the last working day of the month and on maturity (1 October 2023). Depending on what date in the month you deposit your initial funds, you may not receive your first interest payment until the last working day of the following month. • Monthly Interest must be transferred to either another building society or bank account or to another account held with the Society. <p>*Gross means the rate of interest payable before the deduction of income tax at the rate specified by law. #AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and added each year.</p>
Can Leeds Building Society change the interest rate?	The interest rate on this account is fixed, this means the interest rate paid on your account won't change during the fixed rate term subject to the minimum balance of £100 being maintained.
What would the estimated balance be after 48 months based on a £1,000 deposit?	<p>Assuming that £1,000 is deposited into the account at the time it is opened and no deposits or withdrawals are made then based on an interest rate of 1.50% you will receive an interest payment of £1.25 on the last working day of each month. In accordance with the terms and conditions of the product, the monthly interest payment of £1.25 must be paid away and can't be paid into the account therefore the overall account balance at the end of the term will be £1,000.</p> <p>This projection is provided for illustrative purposes only and will depend on</p>
