Application requirement guide

For all mortgage applications,
please remember:

- All documents should be supplied within 21 days of applying for the mortgage.
- After your appointment, we'll send you a letter confirming the specific documents you'll need to show us as part of your application. We'll also let you know which ones need certifying.
- We'll search your record at credit reference agencies, who'll give us your information (including details from the Electoral Register). We're able to search multiple times if we need to.
- The agencies will record this search even if you don't continue with the application. We can use any information found, and other companies will be able to see if credit decisions are made about you (or a member of your household). All information will also be shared with fraud prevention agencies.
- We'll check at least one database to check you can afford the mortgage you're applying for. You'll also be asked to provide information and evidence to support this. Please make sure the documents you give us are accurate and complete.
- The assets or income you'll use to pay your mortgage must be in GBP (pounds/£s). An 'asset' can include property and/or other investments, and 'income' includes your salary or money made from investments.
- If this is a joint application, we'll need to see the requested documents from both applicants (unless we say we don't).
- Your solicitor must be on our approved panel. You can check if this is the case by contacting your solicitor directly, or by calling us on 03450 50 50 62. Just so you know, we don't use sole practitioners.
- We may ask for more items from you at any point in the application.

We will need you to provide the documents we ask for in order to consider your application.

- You must be classed as a resident of the UK, meaning that:
 1. Your main residence must be in England, Northern Ireland, Scotland or Wales.
 2. You have the right to remain in the UK indefinitely (meaning you can stay as long as you want).
 3. You pay taxes in the UK and are registered in the UK for tax purposes.
